**LabConnect Recognized as One of Washington's Fastest-Growing Private Companies
for the Ninth Time**

Seattle, Nov. 22, 2016 – [LabConnect](#), a leading global provider of central laboratory and support services, has been named to the 100 Fastest-Growing Private Companies list by the Puget Sound Business Journal for the ninth time.

The Business Journal compiles an annual list of companies that must be headquartered in Washington state and privately held between 2013 and 2015. The companies must also have a revenue of at least \$500,000 in 2012 and report a revenue increase in 2015.

This year, the companies that made the list collectively had revenue of nearly \$3.17 billion in 2015 and employ more than 9,500 employees together.

"We are thrilled to be part of this elite list again as it demonstrates our dedication to success for our community, our employees and our clients," said Eric Hayashi, president and CEO. "We owe our continued growth to the loyalty, partnership and advocacy of our customers."

About LabConnect

LabConnect provides global central laboratory services, including routine and esoteric laboratory testing, kit building, sample management, biorepository and scientific support services for biopharmaceutical, medical device and contract research organizations. A true partner, LabConnect supplies focused, client-inspired, clinical development services from sample collection through storage and beyond. www.labconnectllc.com
